SENDIASS	SEND Information and Support Advice		

This guide is one of a series of guides that have been developed by the Family Wellbeing Coordinators at Newfield School. The aim is to provide our families with useful information about local and national services, groups, activities etc. The information contained was correct when the guides were completed but it is the responsibility of parents and carers to contact any service they wish to access prior to attending, or to check that a specific activity, service or group is suitable for their child to attend. The relevant contact details are listed to assist you. It would be helpful if parents and carers notify the Family Wellbeing Coordinators should they discover any details to be incorrect or that groups are no longer taking place so that the guides can be updated. The Family Wellbeing Co-ordinators will aim to update the guides every 6 months and publish the updated versions on the school's website.
